Permit holders are expected to inspect any field/facility prior and subsequent to each use to identify any unsafe condition and shall promptly advise the Park District in writing of any perceived unsafe or dangerous condition.

ATHLETIC FIELDS/FACILITIES INCLEMENT WEATHER CLOSURE POLICY

Purpose

Park District athletic fields have been designed and are maintained for the enjoyment and use of Park District residents. The purpose of this policy is to guide the use of Park District athletic fields to prevent damage to the playing surface and injuries to field users brought upon by inclement weather or unsafe playing conditions. An effective field maintenance program is essential for safe, quality fields and sports complexes. User groups are asked to help by accepting and adhering to these rules. Groups who use Park District athletic facilities are expected to assist in protecting their participants and fields during periods of rain or inclement weather. It only takes one practice or game to destroy a field that is not ready for play.

Policy

The Park District reserves the right to cancel or suspend approved outdoor facility or field use permits for games and other uses whenever it is anticipated that weather or field conditions could result in damage to the fields or injury to players. Permits may also be cancelled when the health and safety of participants are threatened due to impending conditions.

Procedure

The Recreation Manager and/or Director of Parks fields or their designated representatives shall have the authority to close any or all athletic fields whenever weather or field conditions dictate. Field use or playability will be determined by safety conditions and/or hazards that could be deterrent to the welfare of users/players; existing and forecasted weather conditions for the day; and potential damage to the field due to use.

It is the user group's responsibility to use common sense and best judgment when deciding to play/practice or cancel. User groups are responsible for any damage to field or turf as a result of their participants use. Use of field or turf that results in damage may result in loss of current or future group permits.

Groups who use Park District athletic facilities are responsible for canceling games and/or practices if "poor or unsafe field conditions" exist. The Park District's definition of "poor or unsafe field conditions" includes:

1. Presence of lightning or thunder
2. Standing water in an area of at least 3 feet in diameter on the field
3. Water surfacing or bubbling up when walking on turf
4. Field is muddy to the point that footing becomes unstable (players slipping and sliding)
5. Sharp or other dangerous objects on field (i.e. broken glass, large unmovable rocks, broken base pegs, holes, etc.)
6. Unsecured goals

Field users shall inspect all fields prior to and subsequent to each use to determine the suitability of the fields for any contemplated use and to identify any safety hazards. Field users shall take reasonable measures to protect participants and spectators from known safety hazards. Field users shall promptly advise the Park District of any known safety hazards.
